County Manager Briefing	June 5, 2020
Notice of Expedited Rulemaking	July 23, 2020
Board of Supervisors Formal Meeting to Set Public Hearing	October 7, 2020

4. Explanation of the rule, including the control officer's reasons for initiating the rulemaking:

The Maricopa County Air Pollution Control Regulations contain several rules, Rules 360, 370, 371, and Appendix G, which incorporate by reference federal regulations from Title 40 of the Code of Federal Regulations (CFR). These federal regulations include New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP), and Acid Rain regulations. Every July 1, the U.S. Environmental Protection Agency (EPA) codifies revisions made to these federal regulations during the preceding year. The purpose of this rulemaking was to incorporate by reference the applicable federal regulations as codified on July 1, 2020, and thereby update Rules 360, 370, 371, and Appendix G with any revisions made to the corresponding federal rules during the preceding year. This is necessary in order to continue to comply with the MCAQD's delegated authority from EPA to implement and enforce NSPS, NESHAP, and acid rain programs in Maricopa County, except for those specific authorities retained by the EPA. The Board of Supervisors adopted these rules on November 18, 2020. The MCAQD will request delegation authority from the EPA to implement and enforce all of the amendments, as of July 1, 2020 to the federal standards previously delegated to the MCAQD.

Below are revisions made to federal regulations in 40 CFR Parts 51, 58, 60, 61, and 63 between July 1, 2019 and June 30, 2020 that are included in Rules 360, 370 and Appendix G through this rulemaking.

Rule 360:

- Includes revisions to 40 CFR Part 60 to Subparts AAA, XXX, and QQQQ.

Rule 370:

- Includes revisions to 40 CFR Part 63 to Subparts A, AAAA, GGGG, KKKK, SSSS, VVVV, WWWW, YYYY, KKKKK, LLLLL, NNNNN, and PPPPP.

Rule 371:

- There were no revisions to 40 CFR Part 72, Part 74, Part 75 and Part 76 for this rulemaking.

Appendix G:

- Includes revisions to 40 CFR Part 53 (Ambient Air Monitoring Reference and Equivalent Methods) and to 40 CFR Part 58 (Ambient Air Quality Surveillance).

The incorporation by reference date for Rules 360, 370, 371, and Appendix G was revised from July 1, 2019, to July 1, 2020.

In addition, the amendments corrected typographical or other clerical errors; made minor grammatical changes to improve readability or clarity; modified the format, numbering, order, capitalization, punctuation, or syntax of certain text to increase standardization within and among rules; or made various other minor changes of a purely editorial nature. As these changes did not alter the sense, meaning, or effect of the rule, they are not described in detail here, but can be readily discerned in the "strikeout and underline" version of the rules contained in this notice.

5. Studies relied on in the control officer's evaluation of or justification for the rule and where the public may obtain or review the studies, all data underlying the studies, any analysis of the studies and other supporting material.

The MCAQD did not conduct or review any studies related to this expedited rulemaking action. Any study, data, analysis, or other review of supporting material occurred during the development of the federal standard and is included in the federal register notices. Copies of the federal register are available online at <https://www.federalregister.gov/>

6. An economic, small business and consumer impact statement:

The MCAQD is not required to prepare an economic, small business, and consumer impact statement for an expedited rulemaking pursuant to A.R.S. § 41-1055(D)(2).

7. The effective date of the rule:

The effective date of this rulemaking was November 18, 2020.

8. Such other matters as are prescribed by statute and that are applicable to the county or to any specific rule or class of rules:

A.R.S. § 49-471.08(A)(2): Written finding by the Control Officer setting forth the reasons why the rule or ordinance making is necessary and does not alter the sense, meaning, or effect of the federal or state rule or law from which it is derived.

This rulemaking is required to update the applicability dates in these rules. It incorporates subparts that have been codified on July 1, 2020, by the federal government and which are required to be implemented by the MCAQD. Rules 360, 370, 371, and Appendix G do not alter the sense, meaning or effect of the federal regulations from which they are derived, as they incorporate language that is essentially the same as the federal code of regulations.

9. List of all previous notices posted to the Maricopa County EROP website addressing the proposed rule and a concise explanatory statement, as prescribed by A.R.S. § 49-471.07, subsection B:

(a) List of all previous notices posted to the Maricopa County EROP website addressing the proposed rule:

Briefing Notification to County Manager	June 5, 2020
Notice of Expedited Rulemaking	July 23, 2020
Notice of Public Hearing	October 7, 2020

(b) The following discussion addresses each of the elements required for a concise explanatory statement, as prescribed by A.R.S. § 49-471.07, subsection B:

No changes to the rules were made after the Notice of Expedited Rulemaking was posted on July 23, 2020. The MCAQD did not receive any written comments from stakeholders.

For renovations described in 40 CFR 61.145(a)(4)(iii), notifications shall expire every December 31, with new notices required at least 10 working days before the end of the calendar year preceding the year for which notice is being given. All other notifications shall expire one year from either the original postmark date or commercial delivery date or date of hand delivery to the Control Officer. For a demolition activity or renovation activity that continues beyond the expiration date, the owner or operator of the demolition or renovation activity shall notify the Control Officer in accordance with 40 CFR 61.145(b) at least 10 working days prior to the
