Application Submittal

Applications should be uploaded through the ADQ Online Portal (IMPACT). To submit, you must first create a Shared CROMERR Services (SCS) electronic signature. Detailed instructions can be found on our website at Maricopa.gov/1820.

Important: Please note that email will be our primary means for routine communication with you, unless you do not have an email account. Please be sure that your email address is entered correctly.

Use this form to apply for a renewal of GENERAL air quality permit for an entire facility. Do not use it to apply for a new permit, amend prior applications, add additional pieces of equipment to an existing permitted facility, or transfer a current air quality permit from one person to another. Separate application packages are available for these purposes.

Complete the application by typing or printing legibly. The submitted application and documents become the property of the Maricopa County Air Quality Department (hereafter referred to as the Department) and will not be returned. All submitted documents will be available to the public unless a notice of confidentiality has been submitted by the applicant in accordance with Arizona Revised Statutes (ARS) §49-487 and accepted by the Department in accordance with Maricopa County Air Pollution Control Regulations, Rules 100 and 200. If confidentiality is claimed pursuant to ARS §49-487, a fully completed application with confidential information clearly identified along with a separate copy of the application for public review without the confidential information and a written justification for the confidentiality claimed must be submitted. For a permit renewal application, an application fee is not required. An annual administrative fee will be charged per Rule 280, §302.2. For questions regarding billing, call (602) 372- 1071.

Maricopa County Air Pollution Control Rules and Regulations are available at the address listed above. To obtain a copy, contact the Department for information and costs, or download them from the [Adopted Rules page](#).

Complete items 1-15. If necessary, attach additional sheets to the application to provide all required information. Submit the application by completing the attached original forms. **All applicants must complete items 1 through 15 or the application will be deemed incomplete.**

If there has been (or will be) a physical change in or a change in the method of operation since the last issued permit that would disqualify a facility from renewing the General Permit, please contact the department at 602-506-6010.

Notice of Regulatory Reform

- C. This section does not prohibit county flexibility to issue licenses or adopt ordinances or codes.
- D. A county shall not request or initiate discussions with a person about waiving that person's rights.
- E. This section may be enforced in a private civil action and relief may be awarded against a county. The court may award reasonable attorney fees, damages and all fees associated with the license application to a party that prevails in an action against a county for a violation of this section.
