

Maricopa County

Air Quality Department

2008 PM₁₀ Periodic Emissions Inventory

for the
Maricopa County, Arizona, Nonattainment Area

REVISED
June 2011

**2008 PM₁₀ Periodic Emission Inventory
for the Maricopa County, Arizona Nonattainment Area**

**REVISED
June 2011**

Table of Contents

1. Introduction.....	1
1.1 Overview.....	1
1.2 Agencies responsible for the emissions inventory.....	1
1.3 Temporal scope.....	2
1.4 Geographic scope.....	2
1.5 Overview of local demographic and land use data.....	3
1.5.1 Demographic profile.....	3
1.5.2 Land use data.....	3
1.6 Emissions overview by source category.....	4
1.6.1 Point sources.....	4
1.6.2 Area sources.....	4
1.6.3 Nonroad mobile sources.....	5
1.6.4 Onroad mobile sources.....	5
1.6.5 Biogenic sources.....	6
1.6.6 Summary of all source categories.....	6
1.7 Public review process.....	10
2. Point Sources.....	11
2.1 Introduction and scope.....	11
2.2 Identification of point sources.....	11
2.3 Procedures for estimating emissions from point sources.....	12
2.3.1 Calculation of PM _{2.5} emissions.....	13
2.3.2 Application of rule effectiveness.....	13
2.4 Detailed overview of point source emissions.....	13
2.5 Emission reduction credits.....	14
2.6 Summary of point source emissions.....	15
2.7 Quality assurance / quality control procedures.....	15
2.7.1 Emission survey preparation and data collection.....	15
2.7.2 Submission processing.....	16
2.7.3 Analysis of annual point source emissions data for this inventory.....	17
2.8 References.....	17
3. Area Sources.....	19
3.1 Scope and methodology.....	19
3.2 Fuel combustion.....	20
3.2.1 Industrial natural gas.....	21
3.2.2 Industrial fuel oil.....	22

3.2.3	Commercial/institutional natural gas	24
3.2.4	Commercial/institutional fuel oil	25
3.2.5	Residential natural gas	27
3.2.6	Residential wood combustion	28
3.2.7	Residential fuel oil	29
3.2.8	Summary of all area-source fuel combustion	30
3.3	Industrial processes.....	30
3.3.1	Chemical manufacturing	30
3.3.2	Food and kindred products.....	31
3.3.2.1	Commercial cooking	31
3.3.2.2	Grain handling/processing.....	34
3.3.2.3	Ammonia cold storage	35
3.3.3	Secondary metal production	35
3.3.4	Non-metallic mineral processes	36
3.3.5	Mining and quarrying	36
3.3.6	Wood product manufacturing	37
3.3.7	Rubber/plastics manufacturing	38
3.3.8	Fabricated metal products manufacturing.....	39
3.3.9	Construction.....	41
3.3.10	Electrical equipment manufacturing	44
3.3.11	State-permitted portable sources	45
3.3.12	Paved/unpaved road travel on industrial sites.....	46
3.3.13	Industrial processes not elsewhere classified (NEC)	46
3.3.14	Summary of all area-source industrial processes	47
3.4	Waste treatment and disposal	48
3.4.1	On-site incineration.....	48
3.4.2	Open burning	49
3.4.3	Landfills	52
3.4.4	Publicly owned treatment works (POTWs)	52
3.4.5	Other industrial waste disposal	52
3.4.6	Summary of all area-source waste disposal	53
3.5	Miscellaneous area sources.....	53
3.5.1	Other combustion.....	53
3.5.1.1	Wildfires.....	53
3.5.1.2	Prescribed fires.....	56
3.5.1.3	Structure fires	57
3.5.1.4	Vehicle fires	59
3.5.1.5	Engine testing.....	60
3.5.2	Agricultural activities.....	60
3.5.2.1	Tilling.....	60
3.5.2.2	Harvesting	64
3.5.2.3	Travel on unpaved agricultural roads.....	67
3.5.2.4	Cotton ginning.....	69
3.5.2.5	Fertilizer application	69
3.5.3	Livestock.....	70
3.5.4	Health services: crematories	72
3.5.5	Accidental releases.....	72
3.5.6	Humans	72
3.5.7	Leaf blower fugitive dust	73

3.5.8	Offroad recreation vehicles fugitive dust.....	74
3.5.9	Unpaved parking lots fugitive dust.....	76
3.5.10	Windblown dust.....	79
3.5.11	Summary of all miscellaneous area sources.....	80
3.6	Summary of all area sources.....	81
3.7	Quality assurance/quality control procedures.....	83
3.8	References.....	85
4.	Nonroad Mobile Sources.....	89
4.1	Introduction.....	89
4.2	Agricultural equipment.....	91
4.3	Airport ground support equipment and auxiliary power units.....	92
4.4	Commercial equipment.....	93
4.5	Construction and mining equipment.....	94
4.6	Industrial equipment.....	94
4.7	Lawn and garden equipment.....	95
4.8	Pleasure craft.....	95
4.9	Railway maintenance equipment.....	96
4.10	Recreational equipment.....	96
4.11	Aircraft.....	97
4.12	Locomotives.....	101
4.13	Summary of all nonroad mobile source emissions.....	103
4.14	Quality assurance procedures.....	103
4.15	References.....	103
5.	Onroad Mobile Sources.....	105
5.1	Introduction.....	105
5.2	Exhaust, tire wear, and brake wear emissions.....	106
5.2.1	MOVES2010a model.....	106
5.2.2	MOVES2010a local input data.....	106
5.2.2.1	Fuel data.....	106
5.2.2.2	I/M programs.....	107
5.2.2.3	Meteorological data.....	107
5.2.2.4	Vehicle population.....	107
5.2.2.5	Source type age distribution.....	108
5.2.2.6	Annual VMT.....	108
5.2.2.7	Road type distribution.....	108
5.2.2.8	VMT fraction.....	109
5.2.2.9	Average speed distribution.....	109
5.2.2.10	Ramp fraction.....	109
5.2.3	MOVES2010a outputs.....	109
5.2.4	MOVES2010a emission estimates.....	110
5.3	Fugitive dust emissions.....	117
5.3.1	Paved road fugitive dust emissions.....	117
5.3.2	Unpaved road fugitive dust emissions.....	119
5.4	Summary of particulate emissions from onroad mobile sources.....	122
5.5	Quality assurance process.....	122
5.5.1	VMT estimates.....	122

5.5.2	Emission estimates.....	122
5.5.3	Draft particulate matter emissions inventory.....	122
5.6	References.....	123
6.	Biogenic Sources.....	125
6.1	Introduction.....	125
6.2	Modeling domain.....	125
6.3	Input data.....	125
6.3.1	Land cover data.....	126
6.3.2	Weather data.....	127
6.4	Emissions estimation.....	128
6.5	Summary of biogenic source emissions.....	130
6.6	References.....	130

	3.2.2 Calculating Rule Effectiveness for Title V and Non-Title V Processes	A3-6
	3.4 References	A3-6
Appendix 4	Windblown Dust Emission Estimation Methodology.....	A4-1
	Introduction.....	A4-1
	Supply-Limited Windblown Dust Emission Scheme	A4-1
	Threshold Friction Velocity.....	A4-4
	Vertical Emission Fluxes	A4-6
	Land Use Data.....	A4-10
	Meteorological Data.....	A4-11
	Wind Speed Data	A4-12
	Precipitation Data.....	A4-15
	Calculation of Windblown Dust Emissions.....	A4-16
	Windblown Dust Emissions from Active Agricultural Areas	A4-17
	Summary of Pre-standardized Windblown Dust Emission Calculations	A4-18
	Standardized Windblown Dust Emissions.....	A4-19
	Summary of Standardized Windblown Dust Emissions.....	A4-21
	References.....	A4-22
	Attachment I: MAG 2009 GIS Existing Land Use Database Information	A4-25
Appendix 5	MOVES2010a Local Input Data and RunSpecs	A5-1
	MOVES2010a RunSpec Summary (Maricopa County, July 2008)	A5-2
	MOVES2010a RunSpec (Maricopa County, July 2008).....	A5-3
	MOVES2010a Local Input Data (Maricopa County, July 2008)	A5-6
